Mr. McMillan said last night that he was making inquiries by wire to ascertain definitely if the wounded man of the name of McMillan was his

TO RUSH REINFORCEMENTS.

TEN THOUSAND MORE TROOPS WILL BE

Washington, July 4.-Reinforcements are to be hastened to General Shafter as rapidly as steamships can carry them, notwithstanding the fact that additional troops are not so badly needed as was indicated by the developments of Friday and Saturday. The dispatches received by the War Department from General Shafter show a confidence in his present ability to control the situation. In fact, he says that he is master of the city of Santiago, which his troops entirely surround. The position he occupies make it impossible either for the Spanish forces to evacuate the city or for General Pando's troops

During the afternoon Secretary Alger, General Miles and General Corbin had a conference with the President at the White House, concerning the sending of reinforcements to Shafter, and it was determined to take no chances, but to send the troops at once. The auxiliary cruiser St. Paul is now at New-York taking on a cargo of ammunition for Admiral Sampson's fleet. Owing to the necessity of her early departure, it was not originally intended to send troops by her, but this afternoon it was decided she should take one regiment. In accordance with that determination, orders were issued this evening for the 8th Ohio Infantry, Colonel Charles V. Hard and Lieutenant-Colonel Charles Dick, the regiment known as the "President's Own," because it comes from the immediate vicinity of President McKinley's home city of Canton, to proceed to New-York and embark on the St.

Paul for Santiago.

The St. Paul will leave New-York late Wednesday afternoon, and will make a flying

The 8th Ohio is one of the three regiments of General Garretson's brigade, the other two being the 6th Massachusetts and the 6th Illinois. Both of the remaining regiments will be held under waiting orders, and will move probably in a few days. The plan is to send them to Santiago by either the Yale or the Harvard, both of which are expected shortly at Newport

The 8th Ohio will leave Camp Alger early Wednesday morning for New-York, and will board the steamer immediately upon arrival there. The regiment will be accompanied by the brigade commander, General Garretson.

In addition to the troops at Camp Alger which are to be sent to Santiago, the brigades of General Ernst and General Haines, now at Chickamauga, will be sent within a few days. General Ernst's brigade consists of the 3d Wisconsin, the 5th Illinois and the 1st Kentucky. Zerah W. Torrey, captain of the 6th Infantry grounded), is a native of Massachusetts, and was General Haines's brigade consists of the 9th

Pennsylvania, the 2d Missourl and the 1st New-

Hampshire. These troops will be sent to Savannah or Charleston, where steamers have been obtained to carry them directly to Santiago. In addition to the troops now en route to Cuba from Tampe, the force to be sent within a few days will reinforce Geogral Shafter to the extent of about

TROOPS ON THE WAY TO CUBA.

ten thousand men.

Washington, July 4.-Upward of four thourand men are now on their way to reinforce General Shafter in his operations in Santiago Province. A most important contingent is aix batteries of light artillery, consisting of 24 officers and 628 men, which left Tampa yesterday. They are made up of two companies each from the 3d. 4th and 5th Artillery regiments. On June 30 the 1st Illinois Regiment, of 46 officers and 896 men, pulled out of Tampa, and yesterday, at 12 o'clock, the 1st District of Columbia Volunteer Regiment, consisting of 36 officers and 817 men, in command of Colonel George H. Harries, left the same place. On June 29 a vessel departed with 950 men aboard, comprising recruits to fill a number of the existing regiments now in Cuba to their maximum strength provided by law. The vessels are to assemble at Key West, where a naval convoy will escort them to Shafter's relief.

FIRST REGIMENT MAY GO TO CUBA.

Considerable uncertainty prevailed yesterday in regard to the destination of the 1st New-York Volunteer Regiment. Colonel Thomas H. Barber, now stationed at Forts Columbus, Hamilton and Wadsworth. Last week it was officially announced that the regiment would go to Manila, and on Saturday a contract was made for transportation to San Francisco. But when the demand from General Shafter for immediate reinforcements was made known on Sunday the suggestion was made that Colonel Barber's command was in readiness, and that the men could be taken by the St. Paul directly from this port to Santiago in a few days. The Yale, Harvard and St. Louis are all to be at

Newport News this week to carry troops, and it was thought that the fourth ship of the chartered cruisers could as well be used as the others as a troop ship. There was a report at the Army Building last week that the Yale was to come to this port on her return from Santiago. The presence of the St. Paul at the wharf of the American Line, where she took on coal yesterday, led to the inference that the troops would go aboard her there. But no official communication had been received late yesterday afternoon by Captain Sigsbee, and he

expected to sail to-day. There were put aboard the vessel for transportation to Shafter's army 10,000 brown duck uniforms of the light weight ordered for summer wear; 25,000 undershirts, 25,000 pairs of drawers, 50,000 pairs of

stockings and 16,000 mosquito head nets. Captain Sigsbee and the Quartermaster's Department conferred in regard to these supplies, and it was learned that the men of the 1st Regiment could be readily carried aboard the vessel. There are 1.256 men and 46 officers in the command. It is made up of separate companies of the National Guard. Companies A. Captain Frank R. Palmer; B. Captain C. B. Staats; C. Captain James E. Roach, and D. Captain W. B. Gracle, are from Albany; Company E. Captain Lewis E. Goodier, is from Utica; Company F. Captain James C. Martin, is from Walton; Company G. Captain U. A. Fergi Oneonta: Company H. Captain Charles H. Hitch-cock, is from Binghamton: Company I. Captain Ames E. McIntyre, is from Middletown; Company K. Captain John K. Sayre, is from Poughkeepsie; Company L. Captain James F. Sheehan, is from

K. Captain John K. Sayre, is from Poughkeepsie; Company L. Captain James F. Sheehan, is from Newburg, and Company M. Captain Robert F. Tompkins, is from Kingston. About three hundred recruits have recently been added, bringing the command up to full strength.

The commissioned officers are Colonel Thomas H. Barber, Lieutenant-Colonel Horatio P. Stackpole, Major and Surgeon Charies L. Davis, Major James T. Chase, Major Walter Scott, Major Robert T. Emmet, chaplain, the Rev. Karl Schwartz; quartermaster. Lieutenant Bronson Winthrop; assistant surgeon, Lieutenant M. E. Ashley; assistant surgeon, Lieutenant L. S. Griffith.

There were forwarded to Governor's Island for the recruits yesterday about three hundred Springfield rifles with rod bayonets. The men are not equipped with lightweight canvas uniforms, and it was expected that they would be supplied with them at San Francisco on their way to Manila.

The prospect of the orders for their destination being changed led to a revocation yesterday of the terms of the contract for transportation with the Eric Railroad Company. The company had ordered enough tourist cars from west of the Mississippi to carry the men, and they were all to have been in this city to-day, so that the regiment could start on Thursday. But they were stopped yesterday afternoon, and the Government will pay for hauling the cars. The impression prevailed late in the day in official circles that the destination of the troops would be changed, and that they would start for Santiago de Cuba to-day or to-morrow.

ST. PAUL UNDER HURRY ORDERS. The United States auxiliary cruiser St. came up to the American Line pier, on the North River, yesterday morning, and the work of coaling her began at once. She received hurry orders to proceed to Newport News, and there take on troops from Camp Alger, to reinforce General Shafter at

Captain Sigabee, as soon as the vessel tied up at the pier, urged the American Line officials to push forward the coaling as rapidly as possible, saying, "I am in a mighty hurry." The result of his request was that in a short time tweive barges were alongside of the St. Paul busily unloading coal. The work will continue without interruption until 2000 tens of coal have been placed on board. 3,000 tons of coal have been placed on board. It is expected that this will be done by noon to-day, and

EXTENDING TELEPHONIC COMMUNICA-TION.

Washington, July 4.—The officers of the Signal Corps with Shafter's army are keeping pace in establishing telephonic communication in every direction where the Army makes its move. To-day a dispatch was received from Major Greene, who is the Signal Corps officer on Shafter's staff, showing that three lines of telephone wire have been stretched and that they extended up to within two hundred yards of the advance works of the American Army. The officials have an adequate supply of telephones with them, and are putting these instruments up as rapidly as the wires are stretched. Major Greene's dispatch was dated at the headquarters of the Army, near Santiago, and came to the United States via Playa del Este. He adds that he found the telephones in the captured spanish intrenohments of Santiago in perfect form.
